

# *Ani Avedissian's* Reading Recommendations for the Newly Awakened

❖ **Secrets of our Hidden Controllers Revealed**

Larry Flinchpaugh

*Written back in 2009, a warning of the coming global tyranny. This is an excellent primer, written in plain English by a lovely gentleman from Missouri, a true patriot and a credit to his nation.*

❖ **Billions for the Bankers. Debts for the People. The real story of the money control over America**

Published by Larry Flinchpaugh

*It is a reprint of a document authored by Sheldon Emry in 1984. It's a short read, as books go, but it goes into detail with regard to the banking system and how the average citizen has no idea how badly he/she has been duped.*

❖ **The True Story of the Bilderberg Group**

Daniel Estulin

*An investigative journalist in Spain who has been on a mission to expose deep state agendas for many a year.*

❖ **The Real Anthony Fauci: Bill Gates, Big Pharma, and the Global War on Democracy and Public Health**

Robert F. Kennedy, Children's Health Defense Fund

❖ **I Am Me. I Am Free. A Robot's Guide to Freedom**

David Icke

*With humor and powerful insight, the author exposes what he sees as the mental and emotional prisons which billions of people have built around themselves.*

❖ **Agenda 21: An Expose of the United Nations' Sustainable Development Initiative and the Forfeiture of American Sovereignty and Liberties**

Ron Taylor

*The United Nations does not serve mankind.*

❖ **The Trillion Dollar Conspiracy. How the new world order, man-made diseases and zombie banks are destroying America**

Jim Marrs

❖ **The Untethered Soul**

by Michael Singer

*Co-published with the Institute of Noetic Sciences (IONS) The Untethered Soul begins by walking you through your relationship with your thoughts and emotions, helping you uncover the source and fluctuations of your inner energy.*

❖ **The Four Agreements. A Practical Guide to Personal Freedom**

Don Miguel Ruiz

*Published 1997 and, in my opinion, an absolute must have. Sit at the foot of a native elder and listen as great wisdom of days long past is passed down.*

❖ **The Book on the Taboo Against Knowing Yourself**

Alan Watts

*This book explores an unrecognized but mighty taboo-our tacit conspiracy to ignore who or what we really are. This book approaches the subject from an Eastern perspective.*

This is a mere sampling of available resources.

I designed this list to be of benefit to the newly awakened.

We are sovereign souls...not mind-controlled automatons.

Do not cower. Stand in your power.

Reclaim your minds from the insanity and restore America to her sacred purpose.
